Case Study - Buckland Care Fareham, Hampshire

Project Scope

C&G were engaged by the Buckland Care Group to undertake a range of internal and external alterations to two of their residential care homes located in Portchester and Fareham, Hampshire. C&G understand the intrusive nature of working in and around care facilities. Our highly professional approach and experience aids in the safe delivery of this type of project. We always work in a considerate manner enabling care homes to remain fully operational throughout the duration of the works.

Project Value

£100,000

“Excellent service, I would highly recommend C&G Building Contractors to anyone looking for a professional and respectful contractor.”

Helen Brown, Area Manager

Works included:

- ⊕ Fire exits created to compliment the homes' existing fire safety plans.
- ⊕ External fire doors integrated into the existing electronic fire safety system.
- ⊕ External concrete steps to provide safe access route from the main building to the car park.
- ⊕ Internal fire doors replaced or upgraded throughout.
- ⊕ Internal load bearing walls removed to create an open plan communal area.
- ⊕ Heating system extended to include additional radiators.
- ⊕ Decorations throughout the working areas.
- ⊕ Conversion of bathroom into fully functional office space.
- ⊕ New WC facility including new drainage runs.
- ⊕ Air-conditioning installation.
- ⊕ Extension of existing drainage run to incorporate WC.
